

MR. AND MRS. DONALD W. FETHEROLF

Fetherolf-Souleles Vows Recited Before 100 Guests

At home in San Gabriel are Donald W. Fetherolf and his bride, the former Miss Fern Souleles, daughter of Mr. and Mrs. Nick Souleles of Beaumont.

The bridegroom's parents are Mrs. Harry Montgomery of Rosemead and Mr. Francis Fetherolf of Torrance. His paternal grandfather, the late William Gascoigne, will be remembered as the first street superintendent with the City of Torrance, which position he held for many years. Mrs. John Waugh, the former Mrs. Gascoigne, is a Beaumont resident.

The couple recited their nuptial vows in an impressive Sunday afternoon ceremony performed in First Baptist Church, Beaumont.

The bride chose an ivory brocade more gown in off-shoulder style. Her floor-length skirt, made en train, was fashioned with a slight bustle and her fingertip veil of French lace was held with a coronet of all-white blossoms. Net mitts completed her costume and she carried white gladiolus and baby breath.

Miss Louise Stephenson of Maywood was matron of honor in lavender taffeta, and bridesmaids were the Misses Beverly Souleles, sister of the bride, and Marilyn Miller. Their gowns were fashioned alike of yellow and aqua respectively and each carried a nosegay of baby zinnias.

Tom Wallace was best man and ushering were George and Victor Souleles, of Los Angeles. Presiding the ceremony Dr. Fred N. Souleles played appropriate piano selections and Marviss Sewell played the accompaniment for Mrs. Charles Murphy, who sang "The Lord's Prayer."

Who Runs America?

the Congress?

the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today —keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists —working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organ-

izations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the prideful security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today

in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

You and Your Neighbor Run America!
